SECTION 1.

INTRODUCTION AND OVERVIEW

1.1 Purpose

The Mississippi State Department of Health (hereinafter, “MSDH” “Agency”) issues this Invitation for Bids (IFB) pursuant to the WIC regulations at 7 CFR 246.2 and 246.16a, to obtain a rebate contract with one (1) responsive and responsible bidder offering the lowest total monthly net price for infant formula. MSDH will calculate the lowest net price using the lowest national wholesale cost per unit for a full truckload of infant formula on the date of the bid opening for all physical forms (liquid concentrate, powered, and ready-to feed) of a milk-based iron fortified infant formula which are suitable for routine issuance to the majority of generally healthy, full-term infants (hereinafter referred to as primary milk based infant formula). The infant formula is provided to the Special Supplemental Nutrition Program for Women, Infants, and Children (hereinafter “WIC”) participants by the MSDH WIC Program (hereafter, “MSDH WIC”), through its retail food delivery system.

MSDH seeks to enter into a firm fixed price contract for a period of three (3) years. The contract may be renewed at the discretion of MSDH for an additional two (2), one-year terms. The entire contract term, including renewals, shall not exceed five (5) years. The effective date of this contract will be **August 6, 2025**.

The awarded rebate shall not be modified nor renegotiated at the time the option to extend is exercised but shall continue in full force and effect for the entire term of this agreement and any extension periods. All term terms and conditions shall remain throughout the contract period including any additional terms. Such renewal shall be contingent upon satisfactory performances as determined by MSDH WIC. Prior to each renewal, any changes agreed upon by both parties shall be confirmed in writing.

Contract extensions must be signed prior to the contract start date.

If the rebate contract is awarded to a different contractor, MSDH will only issue the current contractor holder’s formula for the benefit participation month of August and issue the new contract holder’s formula for the benefit participation of September 2025.

Benefits are issued on a rolling month basis (i.e. First Date To Use (FDTU) 1/24/2025, Last Date To Use (LDTU) 2/23/2025) within the Management Information System (MIS). A local agency can issue monthly, bi-monthly, or tri-monthly benefits to a participant. The State Office MIS team can input the new contract holder’s formula for local agencies to be able to issue for 9/1/2025.

Due to the current contract ending on 8/31/2025, the current formula is set to expire and will not be able to be issued out of the system past 8/31/2025, unless there is a late pickup for the participation month of August. MSDH WIC will issue benefits for the current contract holder’s standard formulas for all benefits issued within the benefit participation month of August and as such will request rebates on these formulas at the current contract rate. Please note that due to the MSDH WIC Infant Formula Rebate—2025

benefit's rolling month cycle; if a participant's FDTU is in August, it is a great possibility that the formula for the current rebate contract will not be redeemed until September.

If the current contract holder is the winning bidder for this solicitation process, billing will continue as usual through August, and the new rates will apply to the September billing cycle.

This IFB and any resulting contract shall be governed by the applicable provisions of the *Mississippi Public Procurement Review Board (PPRB) Office of Purchasing, Travel, and Fleet Management (OPTFM)*, a copy of Mississippi Procurement Manual is available at 501 North West Street, 701 Woolfolk Building Suite A, Jackson, Mississippi 39201 for inspection or at <https://www.dfa.ms.gov/dfa-offices/purchasing-travel-and-fleet-management/bureau-of-purchasing-and-contracting/procurement-manual/>. This contract shall not be binding upon the parties until it is approved by the Mississippi Public Procurement Board (PPRB).

A copy of this IFB, including all appendices and attachments, and any subsequent amendments, including the Question and Answer amendment, if issued, will be posted to the MSDH website at <https://www.msdh.ms.gov> in the lower left corner under the heading Agency and Procurements/Grants. **It is the responsibility of all interested vendors to monitor the website for updates regarding this procurement.**

Before the award of any contract, the offeror will be required to document to MSDH that it has the necessary capabilities to provide the obligations specified in this IFB. The offeror may also be required to provide additional client references, as well as related project experience detail in order to satisfy MSDH that the offeror is qualified. MSDH may make reasonable investigations, as it deems necessary and proper, to determine the ability of the offeror to perform the work, and the vendor shall be required to furnish to MSDH all information that may be requested for this purpose. MSDH reserves the right to reject any bids if the offeror fails to provide the requested information and/or fails to satisfy MSDH that the offeror is properly qualified to carry out the obligations of the contract described in this IFB. Vendors submitting bids that are rejected will be notified of the rejection and the reason. The contract award will be made to a vendor who meets the qualifications in accordance with the IFB.

If the postmark does not show a legible date, the contents of the envelope or package shall be processed as if mailed late. “Postmark” means a printed, stamped, or otherwise placed impression, exclusive of a postage meter impression, that is readily identifiable without further action as having been supplied and affixed by the U.S. Postal Service on the date of mailing. 1.14 State Approval

It is understood that this contract may require approval by the PPRB. If required and if this contract is not approved, it is void and no payment shall be made hereunder. Every effort shall be made by MSDH to facilitate rapid approval and a start date consistent with the proposed schedule.

SECTION 2. SCOPE OF BID

MSDH intends to contract with one manufacturer whose iron-fortified, milk and soy- based infant formulas will be the contract brand infant formula issued on eWIC benefits. Iron-fortified formula shall be complete; not requiring the addition of any ingredients other than water prior to being served in a liquid state. Infant formulas shall contain at least 10 milligrams of iron per liter of infant formula at standard dilution which supplies 67 kilocalories per 100 milliliters, i.e., approximately 20 kilocalories per fluid ounce of infant formula at standard dilution (except as specified in 246.10(d) when medical documentation is required or if related waivers are obtained). The formula for which the bid is submitted must be suitable for the routine issuance to the majority of generally healthy, full-term infants. MSDH will use the primary contract infant formula(s) as the first choice of issuance (by physical form), with all other infant formulas issued as an alternative. MSDH may approve for issuance some, none, or all of the winning bidder's infant formula in compliance with 7 CFR 246.16a(c)(9).

“Infant formula” is defined as any formula in the manufacturer’s product line that: 1) complies with the Infant Formula Act of 1980 as amended which defines “infant formula” as “a food which purports to be or is represented for special dietary use solely as a food for infants by reason of its simulation of human milk or its suitability as a complete or partial substitute for human milk”; and 2) meets the definition of an infant formula in section 201(z) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(z)) and meets the requirements for an infant formula under section 412 MSDH WIC Infant Formula Rebate—2025

of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 350a) and the regulations at 21 C.F.R parts 106 and 107.

MSDH has the discretion to obtain waivers, and upon notifying the contract holder, will implement these waivers immediately.

2.1 Manufacturer Requirements

The Successful Bidder will be responsible for meeting the following requirements and responsibilities:

1. Bidder must be an infant formula manufacturer registered with the Secretary of Health and Human Services under the Federal Food, Drug and Cosmetic Act (21 U.S.C. 321 et seq.), and its products are in compliance with Federal regulations issued pursuant to Public Law 100-237.
2. Manufacturer must comply with the Department of Agriculture (USDA) Food and Nutrition Service (FNS) Instruction 800-2 dated June 2, 1992, and WIC Policy [Memorandum #2009-1 dated December 31, 2008, which restricts the usage of the WIC acronym and logo](#). The following are provisions for “use of WIC Service Marks”:
 - (a) Manufacturer acknowledges that the WIC Acronym and the WIC Logo are service marks owned by the USDA, and that all rights therein and goodwill pertaining thereto belong exclusively to USDA.
 - (b) Manufacturer shall not use these service marks in any manner on its goods or their containers or packaging or on tags or labels affixed thereto. Manufacturer also shall not use the WIC Logo in advertising or other promotional materials (collectively: “advertising”).
 - (c) Manufacturer shall not use the WIC Acronym in advertising in any manner that is likely to cause confusion, mistake, or deception as to the affiliation, connection, or association of Manufacturer with the WIC Program, or as to the sponsorship or approval of Manufacturer’s goods, services, advertising, or commercial activities, including nutritional message (s), by the WIC Program, USDA, or the State agency.
3. Any manufacturer that does not produce a soy-based infant formula must sub-contract with another manufacturer to supply a soy-based infant formula. In this case, Contractor is required to pay MSDH a rebate on the soy-based formula supplied by the subcontractor per 7 C.F.R. 246.16a(c)(2)(i) .
4. Manufacturer certifies all items quoted represent the products of the manufacturer.
5. Any price increase or decrease of the manufacturer’s lowest national wholesale prices for a full truckload of infant formula after the bid is opened, will automatically adjust the rebate amounts per unit by the same amount cent for cent. The manufacturer shall agree that the rebate amount will adjust in the same amount (cent for cent) as the difference between the manufacturer’s lowest national wholesale prices per unit for a full truckload and the base wholesale price on the first day of each month covered by the contract. **The cent for cent increase will become effective on the first day of the month following the**

effective date of the price increase for all formula purchased. The same adjustment will be made for decreases in wholesale price. Manufacturers must provide in writing, to include a new wholesale price catalog, to MSDH WIC changes in the per unit rebate amount within thirty (30) days of the effective date of the price change. These changes will be made effective in MSDH WIC's rebate invoice for eWIC benefits issued and redeemed on or after the first day of the month following the 30-day notification period.

Price is not confidential pursuant to Mississippi Code Annotated § 25- 61-9.

6. A rebate must be paid on all formula in the manufacturer's infant formula product line **(excluding exempt infant formula)** that the State agency chooses to issue, including any existing and new infant formula introduced during the term of the contract. If a new infant formula is introduced to take the place of the primary contract brand infant formula, the manufacturer must pay a rebate that yields the same net cost per ounce as the original primary contract brand infant formula. The rebate to be paid on all other infant formula must yield the same percentage discount as the corresponding physical form of the primary contract infant formula for which bids were solicited. The rebate for infant formula added to the contract after the start date (new and existing) will be calculated using the **wholesale truckload** price of the formula at the time the formula is approved for issuance by the State agency. Rebates will be adjusted as specified in the above paragraph.

If the manufacturer discontinues production of the primary contract brand infant formula, the manufacturer must provide a rebate that yields the same net cost per ounce for the replacement primary contract brand infant formula.

7. In the event the manufacturer cannot provide the contract brand infant formula, a rebate must be paid on non-contract infant formulas from any manufacturer that meet the definition of infant formula per 7 CFR 246.2 that yields the same net cost per ounce as the formulas in any size, type, or physical form. This includes but is not limited to supply chain disruptions, recalls, or emergency periods according to the Access to Baby Formula Act (ABFA) and/or under any approved applicable waivers. In these instances, medical documentation is not required, with the exception of participants receiving Food Package III as defined in section 246.10(e)(3). Infant formula may be issued in all unit sizes that may exceed the maximum monthly allowance.

An approved waiver is required before MSDH WIC can operationalize the remedies and must be implemented within the active waiver's timeframe to remain in compliance with Program requirements.

Substitution decisions will be determined by the circumstances of the unavailability of the contract brand infant formula and the needs of participants and the MSDH WIC Program at the time of the unavailability, in order to enable MSDH WIC to meet its obligations under the federal regulations.

MSDH must be provided with an action plan within two (2) weeks of the incident to meet infant formula demand. This plan must include a timeline, supply data, and course of action for affected jurisdictions. Status updates must be provided weekly until the incident is resolved.

Rebates for contract brand infant formulas, other than the primary contract infant formula(s) for which bids were received, must be calculated by first determining the

percentage discount for each physical form (e.g., concentrated liquid, powdered, and ready-to-feed) of the primary contract infant formula(s). The percentage discount must be calculated by dividing the rebate for the primary contract infant formula by the manufacturer's lowest national wholesale price per unit, as of the date of the bid opening, for a full truckload of the primary contract infant formula. The percentage discounts must be used to determine the rebate for all other contract brand infant formulas approved for issuance by MSDH.

8. The manufacturer shall have a current retail distribution network established in the State of Mississippi and guarantee that sufficient quantities of the rebate formulas will be available to major wholesalers and approximately 298 authorized WIC vendors statewide to meet WIC's need. There are no WIC only (above 50% vendors) authorized in Mississippi.
9. The manufacturer shall provide MSDH WIC advance notification, not less than ninety (90) days, of any changes in labels, unit size, and/or reformulation of infant formula. Due to the impact on an EBT system, products that change both size and yield must change the Universal Product Code (UPC) or the manufacturer must work with MSDH WIC to reset the authorized WIC vendors' shelves and wholesalers' inventory.
10. The manufacturer will allow MSDH WIC to immediately implement approved waivers to support WIC outreach, innovation, and/or modernization.
11. The manufacturer will comply with all contract provisions required by MSDH WIC.
12. The bidder shall be in compliance with Mississippi Code Annotated §79-4-15.01, Authority to transact business.

2.2 MSDH WIC Requirements

MSDH WIC will be responsible for meeting the following requirements and responsibilities:

1. MSDH WIC will issue infant formula in accordance with §246.10(e)(1) through (e)(3) and (e)(9), of the WIC Program regulations. In addition, the State agency will, if necessary to provide the full nutritional benefit (FNB), use the methodology outlined in §246.10(h) in the WIC Program regulations when issuing infant formula
2. Pursuant to 7 C.F.R. 246.10(e)(1)(iv), MSDH WIC will issue infant formula in concentrated liquid or powder physical forms. Ready-to-feed WIC infant formulas may be authorized when the competent professional authority determines and documents that the participant's household has an unsanitary or restricted water supply or poor refrigeration; the person caring for the participant may have difficulty in correctly diluting concentrated or powder forms; or the WIC infant formula is only available in ready-to-feed. Per 7 C.F.R.246.10(b)(1)(ii) this may include making food package adjustments to better accommodate homeless participants. These optional adjustments may include, but not be limited to issuing authorized supplemental foods in individual serving-size containers to accommodate lack of food storage or preparation facilities. MSDH WIC will also employ, at the State agency discretion, the two additional conditions which may be used to issue

RTF in Food Package III: if a ready-to-feed form better accommodates the participant's condition; or if it improves the participant's compliance in consuming the prescribed WIC formula. C.F.R 246.10(e)(3)(iii) 7 C.F.R 246.10(B)(1)(ii) .

MSDH WIC will issue a monthly rebate invoice. Payment due to MSDH WIC shall be based on the number of units redeemed during the current billing period. *No partial redemption factor will be applied.*

3. The base price per unit is established upon submission of the bid to MSDH WIC. MSDH WIC will calculate the lowest monthly net price using the lowest national wholesale price per unit for a full truckload of the infant formula on the date of the bid opening. The rebate to be paid on all other contract brand infant formula, to include new formula, must yield the same percentage discount as the corresponding physical form of the primary contract brand infant formula for which bids were solicited. Meaning the discount established at the beginning of the contract (by physical form), is used to calculate the rebate for infant formula (new and existing) added to the contract subsequent to the initiation of the contract per 246.16a(c)(7)(i-iii)).
4. Rebates for contract brand infant formulas, other than the primary contract infant formula(s) for which bids were received, must be calculated by first determining the percentage discount for each physical form (e.g., concentrated liquid, powered, and ready-to-feed) of the primary contract infant formula(s). The percentage discount must be calculated by dividing the rebate for the primary contract infant formula by the manufacturer's lowest national wholesale price per unit, as of the date of the bid opening, for a full truckload of the primary contract infant formula. The percentage discounts must be used to determine the rebate for all other contract brand infant formulas approved for issuance by MSDH.
5. The rebate for each type and form of all other contract brand infant formulas must be calculated by multiplying the percentage discount by the manufacturer's lowest national wholesale price per unit, as of the date of the bid opening, for a full truckload of the other contract brand infant formula. The percentage discount used for each of the other contract brand infant formulas depends on the physical form of the infant formula. For example, if the percentage discount provided for the primary contract brand powdered infant formula is 80 percent of its wholesale price, the same percentage discount must be applied to all other contract brand powdered infant formulas. The rebate for any type or forms of contract brand infant formulas that are introduced during the contract period must be calculated using the wholesale prices of these new contract brand infant formulas at the time the infant formulas are approved for issuance by MSDH.
6. Rebates resulting from the application from the percentage discount must remain the same throughout the contract period except for the cent-for-cent rebate adjustments required in 7 C.F.R. 246.16a(c)(7)(iv).
7. MSDH WIC shall notify all local and private agencies, retailers, and physicians of any change to the rebate brand of formulas and shall monitor for retail compliance.
8. MSDH WIC shall supply the manufacturer with the number of current infant participants, excluding infants that are solely breastfed and infants that are issued exempt infant

formula. The manufacturer may not have access to any records identifying participants by name and/or address.

9. MSDH WIC shall also supply the manufacturer a list of authorized grocers/vendors. The manufacturer will have access to the vendor's name, address, website, email address, and store type.
10. It is MSDH WIC policy as outlined in vendor agreements that no refunds or exchanges for items paid with eWIC are allowed unless such exchange is for an identical food which is defective, spoiled, outdated, or a federal waiver is in place.
11. MSDH will monitor vendors in accordance with 7 C.F.R.246.12(j) and will meet all documentation requirements therein.

Inventory audits are performed as part of the vendor compliance investigation process.

Infant formula is not a mandatory item for inclusion in inventory audits. However, based on monitoring visits and participant complaints, infant formula may be included in inventory audits.

If the State Agency determines that the vendor has redeemed more of the specific foods than they can provide inventory documentation for, the State Agency will provide the vendor with one opportunity to provide any additional receipts or justification for the discrepancy. If the vendor is unable to fully justify the discrepancy, the State Agency will initiate appropriate vendor sanctions and claims.

Bid solicitations and awards must be in compliance with 7 C.F.R.246.16a(c)(5) of the WIC Regulations. There are no provisions to prevent manufacturers of infant formula that meet the requirements of the bid from competing in the bid process. All bidders must register with the Mississippi Department of Finance and Administration at <http://www.dfa.ms.gov/dfa-offices/mmrs/mississippi-suppliers-vendors/>. All bids are sealed until the specified opening date and time.

2.3 Purchase of Formulas with Medical Documentation

In compliance with 7 CFR 246.10(d)(1) MSDH WIC requires medical documentation for the issuance of the following supplemental foods:

1. Any non-contract brand infant formula, except as allowed under any applicable waivers;
2. Any infant formula prescribed to an infant, child, or adult who receives Food Package III, except as allowed under any applicable waivers;
3. Any exempt infant formula, except as allowed under any applicable waivers;
4. Any WIC-eligible nutritional, except as allowed under any applicable waivers;
5. Any authorized supplemental food issued to participants who receive Food Package III, except as allowed under any applicable waivers;
6. Any contract brand infant formula that does not meet the requirements in 7 CFR 246.10(e)(12), except as allowed under any applicable waivers.

These are allowed in accordance with MSDH WIC policy requiring completion of MSDH WIC's medical formula request form.

As outlined at 7 C.F.R. 246.16a(c)(9), MSDH WIC may choose to require medical documentation before issuing any contract brand infant formula.

MSDH WIC does not allow local agencies to issue non-contract brand infant formula to meet religious eating patterns.

2.4 Confidentiality of Applicants, Participants and Vendors

1. Confidentiality of WIC Applicant and Participant Information

Confidential applicant and participant information is any information about an applicant or participant, whether it is obtained from the applicant or participant, another source, or generated as a result of WIC application, certification, or participation, that individually identifies an applicant or participant and/or family members(s). Applicant or participant information is confidential, regardless of the original source and exclusive of previously applicable confidentiality provided in accordance with other Federal, State or local law.

Except as permitted by 7 CFR 246.26, MSDH must restrict the use and disclosure of confidential applicant and participant information to persons directly connected with the administration or enforcement of the WIC Program whom MSDH determines have a need to know the information for WIC Program purposes.

2. Confidentiality of Vendor Information

Confidential vendor information is any information about a vendor (whether it is obtained from the vendor or another source) that individually identifies the vendor except for vendor's name, address, telephone number, website/email address, store type, and authorization status. MSDH will restrict the use and disclosure of confidential vendor information except as otherwise permitted by 7 CFR 246.26(e).

2.5 Monthly of Invoice Remittance

Manufacturer will be required to pay MSDH rebate based on monthly invoices remitted to the manufacturer by MSDH WIC. MSDH WIC will be invoicing and billing rebates using actual counts of the number of units purchased by WIC participant. MSDH WIC will submit monthly invoices as follows:

1. **Electronic Benefit Issuance** MSDH WIC shall issue a monthly invoice (Appendix B) for the number of units redeemed (purchased) during the previous month.
2. MSDH WIC shall calculate monthly the rebate due in the following manner:
 - a. Multiply the units of manufacturer's formula redeemed (purchased) by the rebate amounts to arrive at the invoice amount to be remitted to the MS Department of Health/WIC Program for the billing month. All redemptions of manufacturer's

infant formula will be included (infants, children, and women).

MSDH will not issue quantities of infant formula in excess of the monthly maximums prescribed by the federal law for each WIC participant.

- b. Contractor is expected to pay rebates on all infant formula issued in accordance with federal WIC regulations. Redeemed food benefit data will be obtained through EBT processor and SPIRIT (MIS system).

- 4. No partial redemption factor will be applied.

2.6 Payment Procedures

On a monthly basis, MSDH WIC shall issue a formula rebate invoice by midmonth. Payment due to MSDH WIC shall be based on the number of units redeemed during the previous month.

The following steps outline the procedures for payment:

- 5. Contractor must pay invoice within thirty (30) days of receipt. Payment must be paid by means of an electronic funds transfer. Late payment of monthly invoice amount will result in manufacturer paying interest penalties to MSDH WIC in the amount of 1% per month prorated daily of the invoiced amount. The MSDH WIC Program will use all funds received from the invoiced billings for food costs per WIC Regulations 7 CFR 246.15.
- 6. Contractor must notify MSDH of any dispute or error in rebate invoice within 90 days. If contractor misses the deadline, any requirement to return funds to the manufacturer as a result of a dispute or over a billing error is waived.
- 7. All disputes must be settled by December 31st following the end of the Federal Fiscal Year in which the dispute occurred.
- 8. The manufacturer shall not withhold any rebate payments under any circumstances.

9. If an over billing error occurs, MSDH WIC must make every effort to validate.
10. Upon resolution of the dispute, the MSDH WIC will reduce future billing by the amount determined to be owed.
11. MSDH and the Contractor must meet as often as necessary, to review progress and performance of the contract. During these meetings any concerns regarding billing procedures must be addressed. UNITED STATES DEPARTMENT OF AGRICULTURE

NOTICE TO APPLICANTS - CERTIFICATION/DISCLOSURE REQUIREMENTS RELATED TO LOBBYING

Section 319 of Public Law 101-121 (31 U.S.C.), signed into law on October 23, 1989, imposes new prohibitions and requirements for disclosure and certification related to lobbying on recipients of Federal contracts, grants, cooperative agreements, and loans. Certain provisions of the law also apply to Federal commitments for loan guarantees and insurance; however, it provides exemptions for Indian tribes and tribal organizations.

Effective December 23, 1989, current and prospective recipients (and their sub tier contractors and/or subgrantees) will be prohibited from using Federal funds, other than profits from a Federal contract, for lobbying Congress or any Federal agency in connection with the award of a particular contract, grant, cooperative agreement or loan. In addition, for each award action in excess of \$100,000 (or

\$150,000 for loans) on or after December 23, 1989, the law requires recipients and their sub tier contractors and/or subgrantees to: (1) certify that they have neither used nor will use any appropriated funds for payment to lobbyists; (2) disclose the name, address, payment details, and purpose of any agreements with lobbyists whom recipients or their sub tier contractors or subgrantees will pay with profits or non-appropriated funds on or after December 23, 1989; and (3) file quarterly updates about the use of lobbyists if materials changes occur in their use. The law establishes civil penalties for noncompliance.

If you are a current recipient of funding or have an application, proposal, or bid pending as of December 23, 1989, the law will have the following immediate consequences for you:

- You are prohibited from using appropriated funds (other than profits from Federal contracts) on or after December 23, 1989, for lobbying Congress or any Federal agency in connection with a particular contract, grant, cooperative agreement, or loan;
- you are required to execute the attached certification at the time of submission of an application or before any action in excess of \$100,000 is awarded; and
- you will be required to complete the lobbying disclosure form if the disclosure requirements apply to you.

Regulations implementing Section 319 of Public Law 101-121 have been published as an Interim Final Rule by the Office of Management and Budget as Part III of the February 26, 1990, Federal Register (pages 6736-6746)

24. No Limitation of Liability. Nothing in this agreement shall be interpreted as excluding or limiting any tort liability of Contractor for harm caused by the intentional or reckless conduct of Contractor or for damages incurred through the negligent performance of duties by Contractor or the delivery of products that are defective due to negligent construction.
25. Non-Discrimination for HIV/AIDS. Unless mandated by federal or state law for a longer retention period, all records related to this agreement shall be retained by Contractor for three (3) years after final payment is made under this agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of the three (3) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the three (3) year period, whichever is later. Unless mandated by federal or state law for a longer retention period, all records related to this agreement that contain, or are associated with, protected health information (PHI) shall be retained by Contractor for at least six (6) years after final payment is made under this agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of the six (6) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the six (6) year period, whichever is later.
31. Recovery of Money. Whenever, under the contract, any sum of money shall be recoverable from or payable by Contractor to MSDH, the same amount may be deducted from any sum due to Contractor under the contract or under any other contract between Contractor and MSDH. The rights of MSDH are in addition and without prejudice to any other right MSDH may have to claim the amount of any loss or damage suffered by MSDH on account of the acts or

omissions of Contractor.

32. Representation Regarding Gratuities. Contractor represents that it has not, is not, and will not offer, give, or agree to give any employee or former employee of MSDH a gratuity or offer of employment in connection with any approval, disapproval, recommendation, development, or any other action or decision related to the solicitation and resulting contract. Contractor further represents that no employee or former employee of MSDH has or is soliciting, demanding, accepting, or agreeing to accept a gratuity or offer of employment for the reasons previously stated; any such action by an employee or former employee in the future, if any, will be rejected by Contractor further represents that it is in compliance with the Mississippi Ethics in Government laws, codified at Mississippi Code Annotated §§ 25-4-101 through 25-4-121, and has not solicited any employee or former employee to act in violation of said law.

The contract shall be posted publicly on www.transparency.ms.gov and shall be available for at the Agency for examination, inspection, or reproduction by the public. 34. Right to Audit. Contractor shall maintain such financial records and other records as may be prescribed by the MSDH or by applicable federal and state laws and regulations. Contractor shall retain these records for a period of three years after final payment, or until they are audited by the MSDH, whichever event occurs first. These records shall be made available during the term of the contract and the subsequent three-year period for examination, transcription, and audit by the MSDH, the Mississippi State Auditor's Office, and/or other entity of the state.
35. Severability. If any part of this agreement is declared to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision of the agreement that can be given effect without the invalid or unenforceable provision, and to this end the provisions hereof are severable. In such event, the parties shall amend the agreement as necessary to reflect the original intent of the parties and to bring any invalid or unenforceable provisions in compliance with applicable law.
36. Stop Work Order. The MSDH may, by written order to Contractor at any time, require Contractor to stop all or any part of the work called for by this contract. This order shall be for a period of time specified by the MSDH. Upon receipt of such an order, Contractor shall forthwith comply with its terms and take all reasonable steps to minimize any further cost to the MSDH. Upon expiration of the stop work order, Contractor shall resume providing the services which were subject to the stop work order, unless the MSDH has terminated that part of the agreement or terminated the agreement in its entirety. The MSDH is not liable for payment for services which were not rendered due to the stop work order.

37. Termination for Convenience.

- a. *Termination.* The Agency Head or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Agency Head or designee shall give written notice of the termination to Contractor specifying the part of the contract terminated and when termination becomes effective.
- b. *Contractor's Obligations.* Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Agency Head or designee may direct Contractor to assign Contractor's right, title, and interest under terminated orders or subcontracts to the State. Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

38. Termination for Default.

- a. *Default.* If Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Agency Head or designee may notify Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the Agency Head or designee, such officer may terminate Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Agency Head or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Agency Head or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.
- b. *Contractor's Duties.* Notwithstanding termination of the contract and subject to any directions from the Chief Procurement Officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.
- c. *Compensation.* Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Contractor such sums as the Agency Head or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

Excuse for Nonperformance or Delayed Performance. Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Agency Head or designee within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the contract requirements. Upon request of Contractor, the Agency Head or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled (in fixed-price contracts, "Termination for Convenience," in cost-reimbursement contracts, "Termination"). (As used in this Paragraph of this clause, the term "subcontractor" means subcontractor at any tier).

- d. *Erroneous Termination for Default.* If, after notice of termination of Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.
- e. *Additional Rights and Remedies.* The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

- 39. Termination upon Bankruptcy. This contract may be terminated in whole or in part by the Mississippi State Department of Health upon written notice to Contractor, if Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Contractor of an assignment for the benefit of its creditors. In the event of such termination, Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.

40. Third Party Action Notification. Contractor shall give the customer prompt notice in writing of any action or suit filed, and prompt notice of any claim made against Contractor by any entity that may result in litigation related in any way to this agreement.
41. Trade Secrets, Commercial and Financial Information. It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.
42. Transparency. This contract, including any accompanying exhibits, attachments, and appendices, is subject to the “Mississippi Public Records Act of 1983,” and its exceptions. See Mississippi Code Annotated §§ 25-61-1 et seq. and Mississippi Code Annotated § 79-23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Mississippi Code Annotated §§ 27-104-151 et seq. Unless exempted from disclosure due to a court-issued protective order, a copy of this executed contract is required to be posted to the Department of Finance and Administration’s independent agency contract website for public access at <http://www.transparency.mississippi.gov>. Information identified by Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted.
43. Unsatisfactory Work. If, at any time during the contract term, the service performed or work done by Contractor is considered by MSDH to create a condition that threatens the health, safety, or welfare of the citizens and/or employees of the State of Mississippi, Contractor shall, on being notified by MSDH, immediately correct such deficient service or work. In the event Contractor fails, after notice, to correct the deficient service or work immediately, MSDH shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of Contractor.
44. Waiver. No delay or omission by either party to this agreement in exercising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute an acquiescence therein, impair any other right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver by either party to this agreement shall be valid unless set forth in writing by the party making said waiver. No waiver of or modification to any term or condition of this agreement will void, waive, or change any other term or condition. No waiver by one party to this agreement of a default by the other party will imply, be construed as, or require waiver of future or other defaults.
